

# GO ALL-IN

**CARMEN CORNELIA  
HASELWANTER  
SPEAKER & ALL-IN MENTOR**

# Hi I am Carmen Cornelia...

...and I am not only in the spotlight as an international keynote speaker, but I am also shaping the world of casinos.

As one of the few women ever to hold the position of Casino Director, I have developed an exceptional perspective on leadership, customer journey & success.

At the prestigious St. Moritz Casino - a meeting place for high society - I spent eight years proving my mettle.

In this environment, where risk and reward go hand in hand, and in my many years of globetrotting, I have come to realise the following: **Success and goal achievement are not left to luck**, but depend on strategic thinking, leadership and a willingness to **GO ALL IN**.

My story is a testament to determination, consistency and the courage to push your limits. As an ALL-IN Mentor, I inspire & empower people to achieve their desires & dreams and live in abundance & prosperity.

How do I do this? By going **ALL-IN**. I touch the hearts of my audiences with infectious energy, stories from my colourful life of adventure and an empathetic approach. I encourage them to bring out the best in themselves and go ALL IN. **Because life is too short not to go ALL IN.**

The fact is, the game of life offers everyone the chance to play their cards and reach for the stars. It's time to pull the ace out of your sleeve and use your uniqueness to realise your full, individual potential.
