2 min Speech | It is now time to go ALL-IN

A little bird told me something.... That you have a certain dream, a vision...
To finally write and publish your own book, to go on a trip around the world or should it be to open up your own business? These are great visions!

But there are these voices on the outside that are telling you

- that you can't do this !
- that you are not good enough !
- that now you can't let go the security !

STOOOOP

Yes stop listening to these voices, stop following them. Let go of your doubter and lead yourself as a Picasso, as a creature into your true life.

As an expert for self-determination, I - Carmen Cornelia Haselwander - will show you how you can best succeed! And that is by using the ALL-IN method.

1. A = ACTION

Yes, this will clearly get you into action. To make the decision to change and

2. L = LIGHTNESS (auf Deutsch LEICHTIGKEIT)

thereby speaking with ease & lightness, with fun and joy,

3. L = solutions (auf Deutsch LÖSUNG)

Finding new solutions find & find new ways.

4. I = INITIATIVE

And all this starts without further ado with this initiative, by following your impulses, yes investigating carefully within yourself and then simply acknowledging

Oh my God,

5. N = USING (auf Deutsch NUTZEN)

you can use all the resources that you have inside you, but above all those that are also resources in our outside waiting for you to use them...

Apropos: One thing must be clear to you. The clock is ticking. Goes tick tock

If you are 50 years old today, according to statistics you have just under 12,000 days to live. The question is: How will you fill these days?

Be aware, get the ALL-IN Method into your life & then go, so that you live your life, your dream, instead of just dreaming about it. dreaming about it.

Furthermore: Get your your doubters on board... Because together it's even more fun.

I look forward to seeing you soon.
